Dear Friends,

As we approach the 10 year anniversary of our dear friend Laura's passing, we are encouraged to see the advances in cancer fighting resources in Garden City and humbled to be a small part of that progress. Nine years ago when the Leave a Legacy Foundation was founded by a small group of friends around a kitchen table never in our wildest dreams did we envision that Garden City would be home to one of the most advanced Cancer Center's in the state of Kansas. Last week with the opening of the Heartland Cancer Center that dream came true.

We are proud to say that with your help, 2015 was the most successful year we have had in accomplishing our mission of **Strengthening the Cancer Fighting Resources Available to the Residents of Southwest Kansas**. Over the past year we were once again able to provide the dollars necessary to fund the Midwest Cancer Alliance membership at St. Catherine Hospital as well as expand our services offered at cancer screening events and provide services to the growing number of patients served by Heartland Cancer Center.

With your support, over the past nine years we have contributed over \$165,000 and strengthened the cancer fighting resources available in southwest Kansas by financially assisting with the following new programs and technologies:

Two Digital Mammography Machines (St. Catherine Hospital & The Women's Clinic)	
Midwest Cancer Alliance Membership	Regional Free Cancer Screening Events (Finney & Grant Counties)
Lymphodema Program	Radiation Oncology Shields & Equipment
Laura's Touches	Fill the Fridge at the Cancer Center

These programs have touched the lives of your friends, neighbors and family not only in Garden City but throughout the region. We are truly humbled every day to see what a positive impact your assistance has helped us make in lives of caregivers and patients receiving cancer treatments at the Cancer Center. We are truly proud of the work that the Midwest Cancer Alliance partnership has been able to bring to southwest Kansas including:

Survivorship Programs for Patients	Additional Providers for Cancer Screenings
Second Opinions & Genetic Counseling	Continuing Education for Staff
Placement in Clinical Trials	Community Education Programs

As we look to the future, we hope to continue to help support the funding for the Midwest Cancer Alliance membership for many years to come. In addition, we hope to expand our cancer screening events to include other communities in southwest Kansas. We would also like to continue to assist in providing the residents of our area with state-of-the-art diagnostics right here at home! These goals are only possible with your continued support.

Please help us in continuing to bring cutting edge cancer treatment to our area by sponsoring the **Leave a Legacy Foundation's 5K/10K Runs on October 1, 2016**. Once again we will be running to remember those we have lost to cancer and to honor those who continue their fight. The Leave a Legacy Foundation's events continue to be some of southwest Kansas' premier races and with your help we can ensure that tradition continues. Visit www.whodoyourunfor.org for more information. To ensure the full benefit of your sponsorship, please return the enclosed sponsorship form by July 15, 2016.

Help us Fill the Fridge

Each week Leave a Legacy volunteers purchase snacks and water for the patients and their families and friends to have while either waiting for their treatments or during treatments. Some patients are at the cancer center for hours each treatment and a bottle of water and a snack makes this experience a little less difficult for them.

\$25 (snacks for 1 week)
